

Lieutenant Colonel Severs has earned the respect and trust of many of my colleagues on both sides of the aisle. His professional abilities and expertise enabled him to foster excellent working relationships that have served the Air Force and the Senate exceptionally well. As a liaison officer in the Senate, Lieutenant Colonel Severs has provided members and staff with informative and timely support regarding Air Force plans, programs, and constituent casework. His efforts have contributed greatly to maintaining the best trained, best equipped, and best prepared Air Force in the world.

Mr. President, Jeff Severs, his wife, Gay, and children, Hugh and Brooke, have made many sacrifices during his 14-year Air Force career. He continues to serve with a dedication and enthusiasm seen only in our Nation's best and brightest. He is a great credit to the Air Force and the country, and his efforts on behalf of members and staff of the Senate will be greatly missed. As he now departs for new challenges at Eglin Air Force Base, I call upon my colleagues on both sides of the aisle to recognize his service to the Senate and wish him well in his new assignment.

S. 744

Mr. MURKOWSKI. Mr. President, today I rise to speak briefly on a bill reported out of the Senate Committee on Energy and Natural Resources on May 19, 1999. S. 744 provides for the continuation of higher education through the conveyance of certain lands in the State of Alaska to the University of Alaska, and for other purposes.

The purpose of S. 744 is to provide Alaska's federal land grant college, the University of Alaska, with a federal land grant of at least 250,000 acres. S. 744 would also transfer to the federal government 29 inholdings currently owned by the University within conservation system units in Alaska.

When this bill was passed out of Committee it was done so with an amendment that clarified the lands the University was to relinquish under Section 3 of the bill. Those lands are listed in a document entitled "The University of Alaska's Inholding and Reconveyance Document" and dated May 17, 1999.

I ask unanimous consent a copy of this document be printed in today's CONGRESSIONAL RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

WOMEN'S HEALTH

Mr. CAMPBELL. Mr. President, I take this opportunity today to call my colleagues' attention to the importance of women's health care issues. I

came to know the importance of women's health early in life. Some of you may know that my mother suffered from tuberculosis. Back in those days, patients with TB had to be isolated, so my mother was living in a sanatorium. I could not see her in person, only through the windows.

In the past, women's health did not receive the attention it deserves. I believe it is time to change that. If we are to eliminate the diseases that especially afflict women today, we will need real dedication to the task of developing new treatments and prevention techniques.

And because women make many of the health care decisions for families, their decisions touch the health of many people—children, spouses, elderly parents and relatives. In this great country of ours, where we emphasize personal responsibility, good health care decisions are fundamental to quality health.

As medical science advances into new territory, expanded choices will give women unprecedented opportunities to live better and longer lives, and to affect the quality of health care in our country. Women will be called upon to take charge of their own health as well
